ORDER:-

The Director of Public Health and Family Welfare, A.P., Hyderabad in her letter 2nd read above has informed that "Tele Medicine" is a new intervention in Public Health Care facilities to improve quality care for patient by providing Tertiary level health care with super speciality services and thereby proposed to adopt the Tele Medicine facility in Community Health Centres at Jaggaiahpet and Kaikalutu by PPP with Ramesh Cardiac Hospitals, Vijayawada, as the system which is already adopted at Community Health Centre-Denduluru, West Godavari District which has given good results and the Ramesh Cardiac Hospital has shown interest for such mode of PPP for Telemedicine and hence requested for permission to establish / run Telemedicine Centre each at Community Health Centres, Jaggaiahpeta and Kaikaluru of Krishna District. Further, they will provide infrastructural and Technical support to Community Health Centre as part of their organisation's Corporate Social Responsibility (CSR) initiative and would facilitate better healthcare services to the people needing emergency specialist consultations and diagnosis of critical health problems and the experts from their Hospital will give training in Basic life support (BLS) and First Aid along with training in soft skills to all health workers. Their hospital will bear the establishment and maintenance charges of the Telemedicine centres which would ease the burden on the department and the Govt., and in turn to make provision of internet connectivity on par with present day state of the art technology, which would minimise the expenditure for their centre and requested to grant permission for the said proposal to take up as a service to the people of Jaggaiahpet and Kaikaluru at Krishna District.

3. Government after careful examination of the matter in detailed and hereby accord permission to run Telemedicine Centre at Community Health Centres at Jaggaiahpet and Kaikaluru of Krishna District under Public Private Partner Ship with Ramesh Cardiac Hospitals, Vijayawada as was done in case of Community Health Centre, Dendulur, West Godavari District in the reference 1st read above.

(p.t.o)

3. The Director of Public Health and Family Welfare, A.P., Hyderabad shall take further action in the matter, accordingly.
